Hello to all our parents and carers,
It has been a real pleasure to come to Corndale Public School - what a lovely school you have! Thank you so much for making me feel so welcome. I will be here until the end of term so please pop by or contact me at the school if you have any questions. The last two weeks are already looking quite busy with Enrichment Day tomorrow, Milo Cricket day on Wednesday and Waterwatch next Monday. Please make sure your children have a hat and plenty of water for these hot and busy days. Children also need to bring gumboots (if they have them) to Waterwatch. Take care, Heather Laverick

PS Sorry this newsletter is in Black and White print and no photos, Mrs Johns is away and knows where the camera cord is and the link to the colour printer! Anyway, hopefully all the information you need is here.
The Channon Teams Day
Last Friday, our school went to The Channon for Teams Day. We had a fantastic time. The Comdale Junior Soccer team won all but one game. The Danish Rounders team also had a great day.

By Rohan and Tobias

Milo Cricket Day
Milo Cricket Day will be held in Week 9 on Wednesday 10th September for students in Year 3-6. We will combine a number of teams with Eltham and Whian Whian Public School. If you are available to supervise/coach a team on the day please let me know. To keep costs at a minimum I am hoping to use private transport for the Cricket Day.

2016 Kindergarten Enrolment
We are now taking enrolments for Kindergarten in 2016. There will be an information afternoon on Thursday the 15th October at 3pm. If you know of anyone looking at enrolment next year can you please pass this information on.

Canteen
Please let us know if you are able to help out with canteen at any time during the term. All donations from the canteen contribute towards each child’s end of year celebration activity.

P&C Meeting
Last Tuesday we had a very busy P&C meeting. We had discussions on the School Canteen. This is a service usually provided by individual families to raise money for our end of year excursion. This option is still available and we are very happy if anyone would like to provide our usual canteen you are very welcome. In addition as we have very busy working families the P&C have decided to trial a canteen service provided by the Dunoon Take Away shop. This will be a Friday Canteen where the students send their orders to school on Wednesday and the meals will be delivered on Friday. We will send home a menu this term and in addition some paper bags to write your order.

The Earn and Learn Stickers will be finishing soon. Please send in all stickers you have collected at home.

The P&C have managed to raise an amazing amount of funds and have decided to provide all students with an additional school shirt. If you have not already provided Mrs Johns with the current shirt size, please contact the office. The P&C will also be purchasing all students school sunglasses, a set of Drums and 4 new iPads.
